

Study Questions to Accompany International Energy Markets

by Carol A Dahl

Chapter 21. Sustainable Wealth in Fossil Fuel Rich Developing Countries

21.1. Weak linkages between resource and other sectors would be one of reasons why FR countries have not developed as they were expected. What are backward link and forward link? Discuss examples of backward link and forward link policies in FR countries (Contributed by Toru Muta).

21.2. Explain the resource curse view associated with Fossil Rich Countries and the reasons for it in brief (Contributed by Anant Kumar Garg).
